

Five simple steps to get online

Your new Wireless Broadband modem is here and getting set up is a breeze.

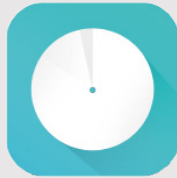

Please wait for a text message from Farmside to advise that your connection has been activated before proceeding.

1 Slide the SIM card into the slot on the bottom of your new modem – it will click into place when inserted the correct way around.

2 Download the Deco app for iOS or Android and follow the simple steps to set up your modem and Wifi network – make sure you select the X58-4G as your modem type in the app. Then select the operation mode of your modem to 3G/4G Router as this is for RBI.

or

3 Plug your modem into a power plug and wait until the light on the side pulses blue – the best place for a strong connection is near a window.

4 Use the network name and password you created in the app to connect your devices to Wifi.

5 Using a home phone with your connection?
Simply connect your phone base unit to the Phone port on the back of your new modem with the telephone cable that is included.

Manage your account the easy way!

With the click of a few buttons, 24/7, you can keep track of your usage, manage your data boosters and a whole lot more.

Visit www.myfarmside.co.nz to get started.

Need help setting up your modem?

Contact our Customer Service team on 0800 32 76 74. Our friendly team are available from 8am to 7pm Monday to Friday, and 9am to 5:30pm on weekends.
